PROFILE

Dedicated Full Stack .NET Developer with 7 months of expertise in building scalable web applications using .NET Core MVC, C#, and Web API. Recently contributed to impactful projects like 'Health Matrix' and 'Restosphere' focusing on API integration, performance optimization, and user-friendly designs. Skilled in solving complex problems and consistently meeting project deadlines with quality results.

PROFESSIONAL EXPERIENCE

MASSTECH BUSINESS SOLUTIONS Pvt. Ltd
Full Stack Developer

June-2024 – Present
Thane,India

As a Full Stack .NET Developer at Masstech Business Solutions Pvt. Ltd., I played a crucial role in designing, developing, and maintaining web applications, ensuring seamless integration between front-end and back-end systems. My expertise in C#, ASP.NET, ASP.NET Core, MVC, Web API, Ajax, jQuery, and Bootstrap allowed me to deliver robust and scalable solutions, while my foundational knowledge of Angular helped me develop dynamic, responsive user interfaces.

Key Responsibilities and Achievements:

- Led the development of full-stack applications, focusing on backend functionality and system architecture to meet business requirements.
- Enhanced database efficiency, optimized interactions, and ensured system performance for high-demand applications.
- Designed and implemented intuitive user interfaces, improving user experience and engagement.
- Collaborated with cross-functional teams to deliver high-quality, reliable solutions within project deadlines.
- Utilized technologies such as .NET Core, MVC, MSSQL, Angular, and Web API to build scalable applications that addressed key business needs.

TECHNICAL SKILLS

Backend Technologies: C#, ASP.NET Core, ASP.NET MVC, ASP.NET Web API, Web Forms, Entity Framework, ADO.NET, MSSQL

Frontend Technologies: Angular, JavaScript, HTML, CSS, Bootstrap, jQuery, AJAX

Frameworks: .NET Core, ASP.NET MVC, Entity Framework

API Development: RESTful services, Web API

Other Skills: Object-Oriented Programming (OOP), Problem Solving, Debugging

Tools: Git, GitHub, Visual Studio, SQL Server Management Studio (SSMS)

PROJECTS

Restosphere

Developed a restaurant-based platform, Restosphere, aimed at enhancing the online food ordering experience and optimize restaurant operations. The system includes user-friendly modules for both customers and administrators:

Customer Features:

- Real-time Order Tracking from placement to delivery.
- Online Payment integration for seamless transactions.
- Catering Services with customizable menu options for various events.
- Easy-to-use interface for Table Booking and order placement.

Administrator Features:

- Assignment of Delivery Personnel based on availability and location.
- OTP-Based Delivery Confirmation for secure and reliable order verification.
- Invoice Generation in PDF format, automatically sent to customers.
- Admin functionalities for menu updates and order management.

Technologies Used: ASP.NET MVC, SQL Server, HTML, CSS, JavaScript, Bootstrap

Team Size: 6 Members

Health Matrix

Developed a comprehensive Hospital Management System – Health Matrix – to streamline hospital operations and improve patient and staff experiences. The platform includes multiple modules to enhance efficiency in day-to-day hospital management:

- **Attendance Management:** Tracks and reports staff and doctor attendance for accurate record-keeping.
- **Patient Records:** Maintains detailed patient diagnostic records, treatment histories, and medical progress.
- **Appointment Scheduling:** Allows patients to book appointments online, ensuring better time management.
- **Payroll Management:** Automates payroll processing for hospital staff, including salary calculation and disbursement.
- **Invoice Generation:** Automatically generates and sends detailed patient invoices via email.
- **Pharmacy Management:** Manages prescription fulfillment, monitors drug expiry dates, and provides stock alerts.
- **Laboratory Management:** Handles test scheduling, result entry, and reporting for lab operations.

Technologies Used: ASP.NET Web API, ASP.NET MVC, MySQL, .NET Core, AJAX

Team Size: 6 Members

EDUCATION

BSc in Information Technology (University of Mumbai)

Guru Nanak College of Arts Science and Commerce
CGPA : 8.47

2021 - 2024
Sion, Mumbai

HSC (Maharashtra State Board)

Elphinstone College
66.33 %

2019 - 2021
Fort, Mumbai

SSC (Maharashtra State Board)

Bharat Nagar Urdu High School
51.90 %

2018 - 2019
Govandi, Mumbai
